* **Note.** There are three rooms in the Lock-up. One of them is used for confining the male prisoners and another the females. But, the third room is now being used as a Kitchen for the use of the prisoners confined in the Lock-up. The Deputy Commissioner States in his 'minutes' in the Visitors' Book, that, as there is no police lock-up in the place, "police prisoners, under-trials, and convicts have to be placed together in one room." He observes that a separate

The cost of the Kitchen proposed to be constructed is estimated at Rs 284/- It is suggested in the Inspector General of Prisons' letter that the work be entrusted to the D. P. W as it is an original work.

24/1/03

The more immediate question is, how is the cost to be provided. The D.G. of Prisons has not pointed out any budget provision available for the purpose; and the Public Works dept. has, in another connection recently, denied the practicability of finding funds for such works from its budget.

The present work may perhaps be

be started next year (official), after provision is made in that year's Prisons Budget
